The primary was well attended and a harmonious spirit prevailed. A number of ladies were present. The meeting was called to order by Party Chairman T. H. Edwards. Mayor M. D. Evans was chosen chairman and W. F. Persson was named as secretary. Chairman Evans read the call and asked the further pleasure of the primary. MISS SHIPP PLEASES PUBLIC

Those who attended the concert Monday night, at the stake tabernacle, given by Miss Lillie Shipp, assisted by Miss Crystal Jeppson of Brigham City, and Mr. K. M. The Mutual organizations deserve credit in procuring her services and it is safe to say that on a return engagement she will be well received. The pleasing and interesting program of the concert follows:

Religion Class Convention

Well Attended by the Wards of the Bear River Stake

A convention of the Bear River Stake religious classes was held at the stake tabernacle in this city last Sunday, October 21, at 10 a. m. and 2:30 p. m. The morning meeting was presided over by Superintendent Niels Nielsen and was given over to the hearing of reports of the stake and various wards. Wm. A. Morton of the general board gave a most inspiring talk on religious class work.

The afternoon services were presided over by Stake President M. H. Welling. Singing "America". Prayer by O. A. Seager. Announcements were made, after which Mayor M. D. Evans explained the second Liberty Loan and encouraged the people to be loyal to same. Elder Morton then illustrated what joy comes from being loyal even at the price of sacrifice. He encouraged all religious class workers to be faithful in their work and promised blessings from such work. Prof. J. E. Hickman of the B. Y. College indorsed what had been said and stated that the religious classes would yet stand first. Singing, "For the Strength of the Hills Ye Bless Thee". Benediction by Brother Pacer. The convention was a most spirited and interesting gathering.

Jensen Family Leaves Monday

Have Many Friends Here Who Regret to See Them Go

We gave a brief report of the socials given the Jensen family in our last issue, but we take pleasure this week in mentioning in detail some of them and in recording others.

Last Thursday afternoon Mrs. A. I. Grover entertained the stake primary board, at which Mrs. Joseph Jensen was a specially invited guest. Mrs. Jensen was presented a Garland souvenir pillow top and a very pleasant afternoon was the outcome. Delicate refreshments were served.

Thursday evening Mrs. Nellie Rose entertained the members of the Ladies' Self-Culture Club in honor of Mrs. Jensen. Other special invited guests were Misses A. I. Grover, Lewis Lillwhite, Sadie Barnard, D. E. Manning, J. W. Burns, Mosiah Evans of Spanish Fork, Erastus Christensen and the Misses Nellie Barnard, Eva Bargon, Hattie Hays, and Manning and Ann V. Hays. Refreshments were served in and delicious refreshments were served.

Friday evening the officers of the Garland Primary Association entertained the stake primary officers in honor of Mrs. Jensen at the home of Mrs. L. W. Preston. Each local officer who had labored with Mrs. Jensen in the primary association, presented her a beautiful handkerchief with the letter "M" worked in the corner. Entertaining games were played and ice cream and cake were served. The affair was a very pleasant social gathering.

On Saturday evening the business men and members of the Commercial Club met at the directors' room in the Bank of Garland and sent for Mr. Jensen, to pay their respects to him. Speeches were made expressing regret in his leaving, and P. C. Petterson, in behalf of the gathering, presented him a fine gold chain and pen knife fob. Mr. Jensen was a director of the Commercial Club for a number of years. He expressed appreciation in a few fitting sentiments.

The Jensen family were supper guests at the home of Mr. and Mrs. James George Saturday night. Mr. and Mrs. M. Felseed were also invited guests.

Saturday night, October 27th, at the Palace, the Manila Filipino Sextet, with original instruments, appear in concert and will present classic and popular songs and music—real Hawaiian. The Kalmans Sisters in hula hula dances promises to be a feature of the show. It is the only show of this kind in America, and is well worth the price of admission asked.

HAND INJURED IN ENGINE

Friday of last week, Willie Clayton, son of Mr. and Mrs. Wm. Clayton of Stone, Idaho, sustained a severely lacerated wrist and came nearly losing his hand by having the member caught in the engine of a threshing machine at the big field in Blue Creek. PROCLAMATION

Important as the manufacturing industry has always been to the welfare of the state and nation the necessities of the world-wide war have made this industry absolutely vital to the life of the state and nation, and essential to the success of our army in the field. The development and extension of our manufacturing have kept pace with the various advances made in other lines of endeavor throughout this republic.

In the organization of our national resources for service in this hour of need of the democratic nations of the world, the manufacturing interests have had a most important part.

The call for a stupendous increase in the nation's production has been responded to most patriotically by the manufacturers.

In Utah our manufacturing industry has grown rapidly in recent years and has become a most important factor in the development of our state.

Believing that every legitimate means should be employed to foster and encourage manufacturing in our state, and that a campaign of education pointing out the value of this industry and encouraging its support should be made.

I, SIMON BAMBERGER, Governor of Utah, do hereby proclaim and set apart the week of November 11-17, 1917, as Utah Products Week.

I recommend that during this week the public co-operate with the Manufacturers' Association of Utah and the various civic organizations in giving a state-wide significance to the movement to purchase goods made in Utah.

I would suggest that emphasis be laid on the importance of encouraging and developing the manufacturing industry through addresses and exercises in the schools and churches of the state and at public gatherings.

I would further suggest that attractive displays of Utah-made goods be made by merchants throughout the state.

I bespeak for the purposes of this week the observance the generous cooperation of the press of the state, and the public in general, in the testimony whereof, I have hereunto set my hand and caused to be affixed the great Seal of the State of Utah.

Done at Salt Lake, the Capital, this 20th day of October, A. D., 1917.

SIMON BAMBERGER, Governor.

By the Governor,
HARDEN BENNION,
Secretary of State.

Mrs. F. D. Baird attended the funeral services over the remains of Mrs. Peter Baird held in Brigham City Tuesday of this week.

Death Claims H. C. Wilson

Efforts Being Made to Locate Relatives in North Carolina

Sunday night in his office in Riter Bros' drug store, Attorney H. C. Wilson, who has made this city his home for the past two years or more, passed away after a lingering illness of pneumonia and other complications. He had not been well for several months and did not seem to have strength enough to overcome the first attack of pneumonia that seized him in the spring. He was cared for by Dr. J. E. Day at the Farnsworth Hotel for a season and later spent two weeks at the farm home of Mr. and Mrs. Alva Rhodes of East Garland in hopes of regaining his wanted health and strength. It was finally decided to take him to the Merrill Hospital at Tremonton, where it seemed for a season that he was improving. He gradually grew worse and by his own request he was removed from the hospital to his office in this city.

Dr. Day faithfully waited upon him and did all in his power to lengthen out his days on earth, but "Grim Reaper" knocked at his door, and he answered the call. His remains were taken to the Stevens undertaking parlors at Tremonton, since when they have been embalmed and are being held awaiting some information concerning relatives. County Attorney LeRoy B. Young and County Sheriff J. H. Zundel and others went through all papers and books Monday in an effort to find some information that would lead up to his identity or give information as to his wife, son and daughter, who he often spoke of to friends here. Nothing of any importance was discovered and the officers are now doing all in their power to find relatives or friends in North Carolina, where he claimed his wife, son and daughter resided. A gold watch and chain, some money, lots of good clothing, linen, etc., and a valuable library and many important papers are among the many things left in his office. Notes in a small memorandum indicate that he has traveled and visited many countries. One pocketbook contained a card bearing the address of Thomas B. McMaster of Brigham City, with the articles of faith of the Church of Jesus Christ on the opposite side. From this one would presume that Elder McMaster gave him this card while on his mission in Scotland.

Mr. Wilson was a well posted, refined gentleman and must have come from good Southern stock. He was about 67 years of age and notwithstanding his peculiar criticizing and somewhat different nature from the common run of men, he was "well bred" and made some good friends here and throughout the county who respected him. We are in hopes that his relatives may be located. We have had many pleasant conversations with Mr. Wilson concerning the South and the Southern people, but at no time did he ever give us the name of the city or county in North Carolina that he claimed his people resided in. He has partaken of dinner at ye editor's home a number of times, attended the picture houses with us and taken trips in our automobile, as well as made many calls at the Globe office, and during all our association with him we have always found him to be a perfect gentleman in every respect, and we have considerable regard for him.
